

## A Wonderful Cleaning Soap

made with

RED  
SEAL  
LYE

ONE large can of Red Seal Lye mixed with 5½ pounds of grease and water (according to directions) makes ten pounds of wonderful cleaning soap. You can either make hard or soft soap—which ever you need, and you'll say it's the greatest cleanser you ever saw.

For Red Seal Lye is absolutely pure lye of the highest quality. It is free from any adulterations. Red Seal Lye is granulated and packed in cans that are easy and convenient to use.

There is nothing like Red Seal Lye for washing greasy pots and pans or cleaning out greasy sinks. You simply sift Red Seal Lye into the pan or sink with a little water to dissolve it. It eats up the grease, combining with it to make soap, and water washes grease, soap and lye away in a jiffy. You'll find many helpful ways to use Red Seal Lye—as a water softener—a disinfectant—a purifier and cleanser.

Always ask your storekeeper for, and be sure to get, the old reliable Red Seal Granulated Lye.

P. C. TOMSON & CO., Philadelphia, Penna.

Use Red Seal Lye according to directions. You'll find them printed on the reverse side of the label. Tear this off the can and use it as a ready reference.
